sole effect of that amendment is to say that a person
62 years old must retire if he is to receive any bene-
fits at all because he cannot receive unemployment bene-
fits, because he's entitled to receive social security
benefits. That's all this amendment would do and that is
not proper. That is not a fair thing to do. Senator
Mills tells you there might be one case in which a person
received both benefits. Even in that one case that's
contrary to the current law and the person could be pro-
secuted or recovery could be made for those funds that he
improperly took.... For one case he's
going to force every 62 year old person in the State of
Nebraska who happens to become unemployed, who is entitled
to unemployment benefits to force him into retirement and
out of the job market. That is simply not the correct
thing to do. I urge you to adopt this amendment.

PRESIDENT: Senator Cavanaugh was closing. Senator Warner,
he was closing debate on his motion. Did you ask recogni-
tion for any other purpose?

SENATOR WARNER: Only to point out the falacy of his
argument.

PRESIDENT: OK, well he was closing debate. Yes you
did. You were not closing? There were no other lights
on, so I called upon you to close debate. That's fine
but I called on you to close because there were no other
lights on. Debate was over. Then read the motion that's
on the desk then.
